

# COCKTAIL MIXES

*Jus-Mix Cocktail Mixes - in both on and off premise packaging - will bring style, quality and savings to your cocktail experience!*

*Jus-Mix adds style to your cocktail mix selection. For far too long at off-premise, cocktail mix has been packaged in the same bottles, thus giving your customers that same selection and really just boring everyone to tears while they all pay a premium for the privilege.*

*Jus-Mix brand cocktail mixes offer the customer the type of retro style and charm that makes having a home bar fun again.*

*And for on-premise, Jus-Mix puts the same, great-tasting cocktail mix in an easy-to-use longneck bottle that will fit comfortably in any well. Why pay premium pricing to build someone else's brand?*

## Features & Benefits:

- Two package options for on and off premise
- Premium quality mixes without the brand-subsidizing cost
- Retro, mid-century design sure to catch the most discerning eyes
